The Lead Retrieval Scanners are available for pickup on March 29, 2017 from 8:00 a.m. to 5:00 p.m. at the Registration Desk. The Scanner should be returned within one hour of the end of the show. A \$1,800.00 fee will be charged to your company if the Scanner is not returned by 4:00 p.m. on Nov 4, 2016.

## Lead Retrieval Scanner

- \* The Lead Retrieval Scanner is a handheld RFID Scanner.
- \* It is approximately the size of a smart phone.
- \* Data can be downloaded utilizing a USB memory stick (not provided).
- \* The Scanner and Mobile Printer are battery operated and does not require electricity.
- \* If used properly, the battery for both machines should last the entire show.
- \* The Excel file with all the information will be sent immediately after the show.

Every attendee is provided with a RFID tag inside the badge. The contact information coded in the RFID tag includes: name, company, address, city, state, zip, phone and e-mail.

### To Capture the Information:

- Move the Scanner about 1 or 2 inches to the badge.
- A beep will sound; attendee information will appear on the screen.
- If a Mobile Printer is connected, the information will be printed automatically.

### To Select Command Options:

- Tap anywhere on the touch screen.
- Option commands will appear on the bottom of the screen.
- Move between scanned records by clicking on left (back) or right (forward) button.
- Click on *Print* to print current record.
- Click on *Query* to select attendee qualifier.

### To Select Qualifier:

Once the Query button is clicked, the *Qualifier* screen will be displayed on the screen.

- Click on the pre-defined qualifier to select or unselect.
- Click on the *Comment* button to add free style hand write comments by using the stylist pen.

### To Download Data in Your Booth:

- Remove the USB scanner and replace it with your own USB memory stick.
- Click on the exit [*X*] on the top right corner of the screen.
- Click on *Copy to Disk* button.
- *Record.txt* will be created on your USB memory stick.
- Remove your own memory stick.
- Replace with the USB scanner.
- Click on *Cancel* button to go back scanning.
- Click on *Power off* button to turn off the scanner.
